

MONWAR HOSSAN HIMEL

Full-Stack Developer

✉ monwarhossanhimel@gmail.com — [in LinkedIn](#) — [GitHub](#) — ☎ [+880 1849-477783](tel:+8801849477783)

CAREER OBJECTIVE

A passionate Full-Stack Developer focused on building scalable, high-performance web applications with robust backend systems and efficient data management.

SKILLS

Frontend: React.js, Next.js, JavaScript, Python, HTML, CSS, Tailwind CSS

Backend: Node.js, Express.js, REST API, JWT, Authentication

Database: MongoDB, Firebase

Tools: Git, GitHub, Postman, Thunder Client

PROJECTS

1. AI Model Inventory Manager

([Live](#) — [Client](#) — [Server](#))

Overview: Full-stack AI marketplace using React.js, Express.js, MongoDB, and Firebase Auth. Users can add, update, and purchase models with secure user-specific routes.

Key Features: CRUD operations, purchase tracking, JWT security, Dark/Light mode, filtering.

2. ToyVille

([Live](#) — [Repo](#))

Overview: Frontend toy marketplace built with React.js, Firebase, Tailwind CSS, and DaisyUI. Features private profile routes and interactive category-wise forms.

Key Features: Secure profile updates, interactive homepage forms, Firebase authentication.

3. Learning Store

([Live](#) — [Client](#) — [Server](#))

Overview: Full-stack book management system using Next.js, Express.js, and MongoDB. Authenticated users can manage books efficiently with search, filtering, and secure server routes.

Key Features: CRUD operations, efficient search.

EDUCATION

Jahangirnagar University

2023 – Ongoing

M.Sc. in Computer Science and Engineering

Savar, Dhaka

Jahangirnagar University

2017 – 2023

B.Sc. in Computer Science and Engineering

Savar, Dhaka

CERTIFICATIONS

- Prompt Engineering – AI Academy Bangladesh
- Python Django Fullstack Development – Bongodev
- MERN Stack Development – Programming Hero (Ongoing)
